

SUPERFORM™

A UPL Group Company

Change chemistry.™
Change everything.

High Performance Chemistries at Scale

About SUPERFORM

UPL's Specialty Chemistries business is now rebranded as Superform Chemistries Limited. We are a pioneering specialty chemistry company with a fresh perspective. While manufacturing is at the core of our expertise, what truly distinguishes us is our mastery of complex chemistries, our problem-solving acumen, and our commitment to creating meaningful impact—for our customers, partners, employees, and the world.

We go beyond manufacturing – we craft cures, blend colors and dyes, spark creativity, nourish the planet, restore machinery, and drive sustainable innovations. Our mission is to shape a better tomorrow, turning aspirations into achievements and dreams into reality. We accomplish this as a trusted partner in innovation and performance across the diverse industries we serve.
